So conversations emerge from this collision of image with word, a collision that has a way of revealing internal rooms inside of us—rooms of memories, emotions, and thoughts—that we have often cognitively closed, or forgotten, or never knew were there! We are interconnected with all of life.

Alethiabooksviewquotes.Figure2. Real News. On one hand we think that we are what our senses tell us we are, we think that reality is shown to us by our crude sensory organs. According to a study fromin one optometric practice alone, 21 percent of patients tested were found to have high blood pressure.
