His work focuses on the British encounter and engagement with the wider world in the eighteenth and nineteenth centuries, situating the history of empire in its global and maritime contexts. History lovers have been trained by generations of historians to appreciate a good rise and fall. Sir Walter The British Navy Book expressed it neatly: "Whosoever commands the sea, commands the trade; whosoever commands the trade of the world commands the riches of the world, and consequently the world .

We can deliver the years, , , , , , , and, Also colour settings of the ships. Review this Book. The text, accordingly, veers rather disconcertingly from passages that neatly summarise complex issues to others that repeat old errors or generate new ones. You may opt-out at any time.
